

ASSURANCE

Vessel assurance and governance tracker

Capture support feedback, vessel comments, audit notes, and governance signals as evidence-backed records. Keep the language neutral, track the actions, and avoid turning reported concerns into unsupported facts.

ASSURANCE WORKFLOW

FACT REQUIRES EVIDENCE LI

Capture the signal, attach evidence, convert broad feedback into vessel support items, and keep the weekly pack factual.

ASSURANCE

Vessel assurance and governance tracker

Capture support feedback, vessel comments, audit notes, and governance signals as evidence-backed records. Keep the language neutral, track the actions, and avoid turning reported concerns into unsupported facts.

PERSISTENCE STATE

Repository connected

Assurance records write through the repository first.

Fact = directly evidenced. Reported = stated but not independently verified. Inference = reasonable interpretation from multiple signals. Assumption = possible explanation with limited evidence.

Neutral example: Reported concern regarding possible direct vessel engagement outside normal superintendent communication loop. Supporting evidence not yet attached. To be treated as unverified governance signal pending confirmation.

NO POLITICAL DIARY, NO SENTIMENT SCORING, NO DISCIPLINARY CONCLUSIONS

No assurance signals yet

Capture a reported concern, a fact-backed signal, or a governance observation to start the tracker.

REQUEST SPECIFICS

Broad feedback prompt

Use this when a management email or anonymous comment is too broad to become a support item yet.

Request specifics

Capture vessel, issue, date raised, who raised it, expected support, actual response, current status, and required close-out.

NOTES

Neutral note, guardrail, or request specifics...

Fact guardrail

Marking something as Fact needs a linked evidence item. Without one, the save action will downgrade the record to Reported and show a warning.

Save assurance signal

COS ASSISTANT

Structured triage aide

CONTEXT

Current workspace

CoS Assistant will surface structured triage summaries for selected imports, correspondence threads, and cases. It is advisory only and will not become a free-form chatbot yet.

AI STATUS

Structured triage available

Structured triage enabled with openai (gpt-4.1-mini).
