CASE WORKFLOW

DRAFTS REMAIN PENDING REI

Cases are where the work is managed. Attach evidence, inspect linked correspondence, and only then prepare or review drafts.

CASES

Case management workbench

A case is the working unit. Evidence and correspondence support the case while the operational work happens here.

Create case

Repository connected

Case writes use the server repository first.

COS ASSISTANT

Structured triage aide

CONTEXT

Current workspace

CoS Assistant will surface structured triage summaries for selected imports, correspondence threads, and cases. It is advisory only and will not become a free-form chatbot yet.

AI STATUS

Structured triage available

Structured triage enabled with openai (gpt-4.1-mini).

Analyze selected intake

Triage selected thread

Assess selected case

TRIALGE NOTE

Run triage from Import, EmailWorkbench, or Cases to see advisory output here.
